

## FENTON FINDERS OF GREATER KANSAS CITY

The meeting of the Fenton Finders of Greater Kansas City will be held on October 11, 2003 at the Raytown City Hall, 10000 E. 59th, Raytown, Missouri. The meeting will start at 7:00 p.m.

Our program will be on French opalescent glass to be presented by Howard and Linda Miller.

A report will be given on the Gala and dates will be announced for the 2004 Gala.

Everyone is asked to bring in at least one piece of glass for "Show and Tell". Please bring in one piece that you would like to share with everyone. It could be old or new or just your favorite. Maybe you have found a piece that you are not sure of. Bring it in and we will try to help you identify it. This is the way to learn about all the glass Fenton has made.

A discussion will be held on having a website and emailing newsletters out each month.

Attached please find the recipe for Sandy Wheeler's coffee cake. If you decide to make it, please allow yourself a few extra steps to work the calories off. Maybe a trip to the antique mall for glass would help.

Take advantage of this bootiful weather and gear yourself up for the trick-or-treaters. Hope to see you all at the meeting. Take care!!
